Keywords: WWII, Czechoslovakia, Serious game, Representation of history

Application field: History

Learning goals: The game aims to develop critical thinking and deeper understanding of the past.

Target group: general audience (12+ years old)

Platform: PC/Mac

Game Description: Svoboda 1945 is a narrative adventure game on contemporary history. It tells the story of the Czech borderlands in the tumultuous aftermath of the World War II. Through interviews with eyewitnesses, interactive graphic novel and atmospheric mini-games players experience the post-war years from different, oftentimes contradictory perspectives. The game is based on comprehensive historical research.
